

Adeel Mazhar

SOFTWARE ENGINEER

SUMMARY

My name is Adeel Mazhar
A highly motivated and experienced Software Engineer with a proven track record of developing and deploying web applications. Skilled in a range of programming languages and frameworks, as well as database technologies. Comfortable working in a fast-paced environment and able to adapt to new technologies quickly. A team player who is also able to work independently when required

EXPERIENCE

CodexIT Solutions

FRONT-END WEBSITE DEVELOPER

5 Months

I have worked in CodexIT for over 5 months as a Front-End developer and a passionate team member and I made many projects with passion.

Contributed to high-impact web projects by crafting interactive elements and maintaining clean, efficient code. Leveraged skills in HTML, CSS, and JavaScript, with a focus on React and Bootstrap, to deliver polished and user-centric web applications.

VTRON Tech & Solutions

FULL STACK WEBSITE DEVELOPER

Present

I am a full-stack MERN web developer at VTRON TECH & Solution, where I've built numerous top-tier projects that showcase my expertise and contribute to our company's success.

Created and managed end-to-end web solutions using the MERN stack, including MongoDB, Express.js, React, and Node.js, to deliver interactive and data-driven applications.
